EDUCATION AND TRAINING

May 7, 2025 – today: Postdoctoral Researcher studying the health effects of novel tobacco products, Department of Nursing, School of Health Sciences, National and Kapodistrian University of Athens, Greece
July, 2022 – today: Associate Researcher studying the alterations of immune cell populations in respiratory diseases, Laboratory of Molecular and Cellular Pneumology, Medical School, University of Crete
February 28, 2019 – November 27, 2024: PhD - Medical School, University of Crete, Greece PhD thesis: “Study of the alterations of Myeloid-Derived Suppressor Cells in patients with Bone Marrow Failure Syndromes and correlation with clinical and epidemiological characteristics, quality of life, and disease outcomes, including the occurrence of severe respiratory tract infections” <i>Oath Reciter in the November 2024 Graduation Ceremony</i>
September 12, 2016 – July 18, 2018: Master’s Programme “The Molecular Basis of Human Diseases” (excellent 9.73) - Medical School, University of Crete, Greece
September 24, 2010 - July 4, 2016: Medical Degree (excellent 8.52) - Medical School, University of Crete, Greece (2 nd graduate of the Academic Year 2015-2016)
2014 - 2016: Clinical Clerkships, University Hospital of Heraklion, Crete, Greece

Academic Year 2016-2017: Graduate Student Trainee in: – Laboratory of Clinical Microbiology & Microbial Pathogenesis - Department of Laboratory Medicine, Medical School, University of Crete – Haemopoiesis Research Laboratory - Department of Internal Medicine, Medical School, University of Crete (Member of Mye-EUNITER-Haematology COST Initiative)
Academic Year 2013-2014: Student Trainee in the Laboratory of Molecular Medicine and Human Genetics, in the context of the course “Basic Research in Medicine” - Department of Internal Medicine, Medical School, University of Crete
August 1, 2013 – August 30, 2013: Visiting student - Angiogenesis Laboratory, Department of Ophthalmology, Massachusetts Eye and Ear Infirmary, Harvard Medical School (Recommendation letter from Dr. Vavvas)
Academic Year 2011-2012: Student Trainee in the Haemopoiesis Research Laboratory, in the context of the course “Basic Immunology” - Department of Internal Medicine, Medical School, University of Crete

25.06.2018 - 29.06.2018: Short-Term Scientific Mission “Standardisation of the protocol for isolation of bone marrow MDSC and examination of the non-chemotherapy treatment effects on MDSC properties within Mye-EUNITER-Haema Group” (COST BM1404 Mye-EUNITER)
26.02.2018 - 02.03.2018: Short-Term Scientific Mission “Training and transferring MDSCs immunophenotyping and functional protocols in the frame of mye-EUNITER-Haema group” (COST BM1404 Mye-EUNITER Grant; 1,300 €)
13.05.2017 - 21.05.2017: Participation (after selection process) in the 6 th Summer School of the World Hellenic Biomedical Association in Medical & Biosciences Research & Management, Neo Itilo of Mani Lakonias & Athens, Greece (Presentation of the topic “Management of Venous Thromboembolic Disease”)

FOREIGN LANGUAGES

ENGLISH: Certificate of Proficiency in English from University of Cambridge & from University of Michigan - C2
GERMAN: Goethe Zertifikat - C1

PERSONAL SKILLS

Advanced Trauma Life Support: Certified ATLS Provider from American College of Surgeons – 2018
Advanced Life Support: Certified ALS Provider from European Resuscitation Council – 2021, 2017
Advanced Paediatric Life Support: Certified APLS Provider from Advanced Life Support Group – 2017
Pre-Hospital Trauma Life Support: Certified PHTLS Provider from National Association of Emergency Medical Technicians - 2017
Basic Life Support: Certified BLS Provider from European Resuscitation Council – 2012
Greek Sign Language: Certification of the Programme “Breaking the Silence” from HelMSIC - 2012
Digital Competence: MS Office, Data Bases, Bioinformatics, Programming Language Perl, SPSS Software

WORKING EXPERIENCE

September, 2023 – now: Resident Doctor at the 5 th Thoracic Medicine Department, “Sotiria” Thoracic Diseases General Hospital of Athens
February, 2026 – now: Teacher of Physiology (in the context of the programme of “acquiring academic teaching experience” of the Ministry of Education for the 2 nd semester of 2025-2026) at the School of Medicine of the National and Kapodistrian University of Athens
February, 2025 – February, 2026: Teacher of Physiology (in the context of the programme of “acquiring academic teaching experience” of the Ministry of Education for the 2 nd semester of 2024-2025 and 1 st semester of 2025-2026) at the Department of Nursing of the School of Health Sciences of the National and Kapodistrian University of Athens
January, 2025 – February, 2025: Teacher at the Training Programme of the staff of the Mobile Health Teams (KOMY) of the National Public Health Organisation (EOΔY) in collaboration with the University of Crete
May, 2018 – June, 2023: Resident Doctor at the Thoracic Medicine Department, University Hospital of Heraklion
May, 2018 – now: Researcher at the Molecular and Cellular Pneumology Laboratory, School of Medicine, University of Crete
May, 2017 – now: Researcher at the Haemopoiesis Research Laboratory, School of Medicine, University of Crete
November, 2016 – June, 2017: Teacher of Biomedical Studies at the Vocational Training Institute (IEK) of Manpower Employment Organisation (OAED), Heraklion, Crete - Courses: Pharmacology, Toxicology, Microbiology, Practice in Medical Skills
September, 2016 – December, 2020: Physician in Athletic Events

September, 2023 – December, 2023: Informative presentations for the vaccination in adults in the context of the campaign “Healthy Lungs for Life” of the “European Lung Foundation (ELF)”
September, 2022 – October, 2022: Screening pulmonary function testing in the context of the campaign “Healthy Lungs for Life” of the “European Lung Foundation (ELF)”
September 4, 2017 – September 8, 2017: Volunteer (after selection process) in the 28 th Annual Conference of the European Society for Biomaterials
July, 2017: Host Coordinator (with Prof.Papadaki) of the “5 th MC/WG Meeting and ECI Workshop Heraklion (16.04.2018-18.04.2018) of the COST Action BM1404 Mye-EUNITER”

TEACHING EXPERIENCE / LECTURES IN EDUCATIONAL COURSES

20/02/2026 – 20/06/2026: Teacher of Physiology (in the context of the programme of “acquiring academic teaching experience” of the Ministry of Education for the academic year 2025-2026) at the School of Medicine of the National and Kapodistrian University of Athens – Responsible for the Course: 4 th semester Physiology
18/02/2025 – 27/06/2025 & 13/10/2025 – 06/02/2026: Teacher of Physiology (in the context of the programme of “acquiring academic teaching experience” of the Ministry of Education for the academic years 2024-2025 & 2025-2026) and Postdoctoral Researcher at the Department of Nursing of the School of Health Sciences of the National and Kapodistrian University of Athens – Responsible for the Courses: Physiology I & II
22/09/2025: Lectures entitled “Introduction; Environment Interactions”, and “Climate change – air pollution & chronic diseases; Cancer” in the context of the Postgraduate Course “Pathophysiology” of the International Medical Programme of the University of Crete in Greece
29/01/2025 – 14/02/2025: Lectures entitled “Smoking cessation - The holistic approach of the problem”, “National Adult Vaccination Programme: The importance for patients with chronic respiratory diseases”, “The importance of peak flow measurement for patients with asthma”, “Assessment of cardiovascular risk in patients with chronic respiratory diseases”, “The importance of blood donation for public health”, “Brief advisory information for pregnant and lactating women on perinatal issues”, and “Telemedicine services” in the

context of the Training Programme of the staff of the Mobile Health Teams (KOMY) of the National Public Health Organisation (EOΔY) in collaboration with the University of Crete
10/12/2024 & 6/1/2026: Lecture entitled “Tobacco and Novel Products: Health Risks and Interventions” in the context of the Postgraduate Course “Navigating Ethical Challenges and Holistic Care in Modern Clinical Practice” of the Interinstitutional Postgraduate Programme in Bioethics in Greece
02/11/2016 – 29/06/2017: Teacher of Biomedical Studies at the Vocational Training Institute (IEK) of Manpower Employment Organisation (OAED), Heraklion, Crete – Responsible for the Courses: Pharmacology, Toxicology, Microbiology, Practice in Medical Skills

SCHOLARSHIPS / FELLOWSHIPS / GRANTS

“Zoi Dimitriadi” Award of Excellence of 1,800 € for the publication of the article «Characterization of myeloid-derived suppressor cells in the peripheral blood and bone marrow of patients with chronic idiopathic neutropenia» during the academic year 2024-2025
“Zoi Dimitriadi” Award of Excellence of 2,500 € for the publication of the article «New perspectives on myeloid-derived suppressor cells and their emerging role in haematology» during the academic year 2023-2024
European Respiratory Society (ERS) Bursary (500 €) for the participation to the ERS Course “Eosinophilic Lung Diseases”, 13.03.2026–14.03.2026, London, United Kingdom
European Lung Foundation (ELF) grant (1,000 €) in the context of the “Healthy Lungs for Life” to support social event to raise awareness of the population for the vaccinations recommended in adults
Scholarship Bayer Hellas - Greek Women in STEM of 3,500 € for a proposal concerning the comparison of the whole blood and peripheral blood mononuclear cells strategy of MDSC measurement in cancer
“Maria Michail Manassaki” Scholarship (University of Crete) for elaborating the PhD thesis on MDSCs in Medical School, University of Crete - Academic Years 2019-2020, 2020-2021 & 2021-2022
Research Scholarship of 15,000 € from the Hellenic Thoracic Society for the proposal entitled “Investigation of the Immune Deregulation in Bronchiectasis and its Association with Clinical Features and Patient-related outcomes”
Scholarship of The Onassis Foundation for attending the Master’s Programme in The Molecular Basis of Human Diseases - Academic Year 2017-2018
Grant award 10,000 € for research costs for proposal concerning MDSCs in CLL (competitive programme: AsklepiosGileadGrants 2017)
Grant award 115,000 € for research costs for proposal concerning MDSCs in CLL and Ibrutinib treatment [competitive programme: Janssen Non-Clinical Investigator-Initiated Study (IIS)]
Travel Grant of 500 € and complimentary registration in the 23rd Congress of EHA for the poster presentation “Myeloid Derived Suppressor Cell Populations in the Peripheral Blood of Patients with Chronic Idiopathic Neutropenia” and in the 28th Congress of EHA for the poster presentation “Transcriptomic Analysis of Myeloid-Derived Suppressor Cells (MDSCs) in the Peripheral Blood of Patients with Chronic Idiopathic Neutropenia (CIN)”
COST BM1404 Mye-EUNITER Grant for the Short-Term Scientific Mission “Training and transferring MDSCs immunophenotyping and functional protocols in the frame of mye-EUNITER-Haema group” in Belgrade, Serbia
Fellowship of The Manhattan NYC Chapter of the Order of AHEPA, Delphi 25 for the participation in the 6 th Summer School of the World Hellenic Biomedical Association in Medical & Biosciences Research & Management (2017)

DISTINCTIONS / AWARDS

Best Poster Presentation for the poster presentation “Quantitative and Qualitative Properties of Myeloid-Derived Suppressor Cells in Patients with Chronic Lymphocytic Leukemia after Ibrutinib Treatment” in the 34th Hellenic Haematology Conference, 2023
ASH Abstract Achievement Award for the oral presentation “Frequency and Functional Analysis of Myeloid-Derived Suppressor Cells (MDSCs) in the Peripheral Blood and Bone Marrow of Patients with Chronic Idiopathic Neutropenia (CIN)” in the 62nd ASH Annual Meeting and Exposition, 2020
«Faidon Fessas» Award for the oral presentation “Patients with Low-Risk Myelodysplastic Syndrome Present Increased Numbers & Altered Functions of the Intermediate Monocytes of the Peripheral Blood” in the 30th Hellenic Haematology Conference, 2019
Best Abstract Award for the oral presentation “Increased Proportion of Intermediate and Non-Classical Monocytes in the Peripheral Blood of Patients with Chronic Idiopathic Neutropenia” in the EHA-SWG Scientific Meeting on Granulocytes, Prague, 2019
EHA 2018 VJHemHeroes Winner (The 1-minute abstract challenge) – Best Interview in the VJHemONCO The video channel of Haematological Oncology
2nd graduate, with honours , of the Academic Year 2015-2016 (Bachelor of Medicine, Medical School, University of Crete, Greece)

Award from National Insurance Company Pensioners' Club for graduating with honours from Medical School
Award from Public Power Corporation for graduating with honours from (a) the Medical School and (b) the Graduate Programme
Honour & Award (1,000 €) from Eurobank for best graduation mark (19.7) in high school in 2010
Distinction in National Biology Competition (Phase I: 90/100, Phase II: 91/100) in 2010

INTERNATIONAL SCIENTIFIC NETWORKS

ERS CRC EXPLAIN: EXposome and Prevention of Lung diseases, An International translational Network (Early Career Chair of the ILD Subgroup – Actively Involved in the Proposal Writing of the Action)
ERS Task Force TF-2020-03 - ERS/EULAR Clinical practice guideline on connective tissue diseases with interstitial lung (ILD) involvement
COST Action CA24124 - Network for the Advancement of Neutropenia Research and Patient Support (Neutro-NARPS)
COST Action CA18233 - European Network for Innovative Diagnosis and Treatment of Chronic Neutropenias (EuNet-INNOCHRON)
COST Action BM1404 - European Network of Investigators Triggering Exploratory Research on Myeloid Regulatory Cells (Mye-EUNITER)
European Respiratory Society (ERS)
European Hematology Association (EHA)
International Association for the Study of Lung Cancer (IASLC)
European Cooperation in Science and Technology (COST)

CONFERENCES / SYMPOSIUMS / SEMINARS

2025 – ERS International Congress 2025: Participation after selection in the NEXT Programme 2025, Poster presentations with titles “Adaptive immunity impairment in bronchiectasis: crosstalk of immunomodulatory cells and lymphocytes”, “Expression of activation markers of circulating neutrophils and eosinophils in stable bronchiectasis”, “Role of Epithelial Barrier Integrity in Biologic Treatment Response of Severe Asthmatics With/Out Chronic Rhinosinusitis With Nasal Polyps (CRSwNP): Study design and preliminary results”, “Adherence to Mediterranean diet and severe asthma control: A multi-center cross-sectional study in Greece” and “Late Breaking Abstract - Effect of anti-IL5 treatment on upper airway basement membrane thickness in patients with CRSwNP and mild asthma – preliminary results” and speaker in symposium with talk entitled “The role of the exposome in development and treatment of interstitial lung diseases” – BTS Winter Meeting 2025: Poster presentations entitled “Investigation of myeloid-derived suppressor cells as a biomarker for the differential diagnosis of lung diseases” and “Involvement of myeloid-derived suppressor cells in allergic airway diseases: preliminary results of a systematic review of the literature” – ATS Congress 2025: Poster presentation entitled “Bronchoalveolar Lavage Fluid Cell Gene Expression Signatures Are Suggestive of Prolonged Innate Immune Activation in Patients With Persistent Post-covid-19 ILD” – 36th Hellenic Haematology Conference: Poster presentation with title “What is the clinical significance of myeloid-derived suppressor cells in bone marrow failure syndromes?” – 3rd International Online Conference on Clinical Medicine (IOCCM2025): Oral presentation with title “Plasma fibrinogen, fractional exhaled nitric oxide (FeNO), and the novel fibrinogen-to-FeNO ratio (FFR) as biomarkers in stable bronchiectasis” – 11th International Meeting on Pulmonary Rare Diseases And Orphan Drugs: Oral presentation entitled “BALF gene expression is associated with distinct immune signature in patients with persistent post-COVID-19 ILD” – 5th SHARE Congress: Invited talk entitled “Novel therapeutic insights in Allergic Rhinitis, nasal polyps, severe asthma and EGPA” and poster presentations with titled “The role of myeloid-derived suppressor cells as a biomarker in interstitial lung diseases” and “The Cretan experience of anti-IL5 treatment in a case series of eosinophilic granulomatosis with polyangiitis” – Invited lecture entitled “Tobacco and Novel Products: Health Risks and Interventions” in the context of the postgraduate course “Navigating Ethical Challenges and Holistic Care in Modern Clinical Practice” of the Master’s Program in Bioethics – Invited lectures entitled “Introduction; Environment Interactions”, and “Climate change – air pollution & chronic diseases; Cancer” in the context of the course Pathophysiology A of the International Program in Medicine of the Medical School of the University of Crete – 1st European Congress of Laboratory Medicine / Medical Biopathology: Oral presentation entitled “Positive mixing study as an indicator of vitamin K deficiency-induced coagulopathy in patients receiving broad-spectrum antibiotic therapy or vitamin E supplementation” 2024 – ERS International Congress 2024: Poster presentations with titles “Investigation of immune dysregulation in bronchiectasis: alterations of myeloid-derived suppressor cells and regulatory T cells” & “Distinct airway immune cell constitution in persistent post COVID-19 ILD” – BTS Winter Meeting 2024: Oral presentation with title “Investigation of novel biomarkers of immune dysregulation for the improvement of endotyping in bronchiectasis”, moderated poster presentation with title “The Cretan real-life experience of the use of biologics in the management of respiratory diseases”, and poster presentation with title “Assessment of the Idiopathic Pulmonary Fibrosis Patient Reported Outcome Measure (IPF-PROM) scale in idiopathic pulmonary fibrosis patients in relation to depression symptoms and quality of life”
--

- WASOG 2024: **Poster presentation with title “Drawing the profile of patients with idiopathic pulmonary fibrosis at a tertiary referral centre in Greece”**
- ECCM2024 2nd International Electronic Conference on Clinical Medicine: **Oral presentation with title “Inflammaging: increase of polymorphonuclear myeloid-derived suppressor cells in aged healthy individuals”**
- 4th SHARE Congress: **Oral presentation with title: “Novel non-invasive diagnostic tools in asthma”**
- SheSTEMs Symposium 2024: **Oral presentation with title: “The application of translational research in medicine: the experience from neoplastic and infectious diseases”**
- Next Generation Evidence GSK meeting: **Oral presentation with title “The role of the epithelial barrier integrity in biologic treatment response of severe asthmatics with/out chronic rhinosinusitis with nasal polyps (CRSwNP)”**

2023

- 28th Congress of EHA: **Poster presentation with title “Transcriptomic Analysis of Myeloid-Derived Suppressor Cells (MDSCs) in the Peripheral Blood of Patients with Chronic Idiopathic Neutropenia (CIN)” & awarded a €500 travel grant and complimentary registration**
- ERS International Congress 2023: **Poster presentations with titles “Fibrinogen and fractional exhaled nitric oxide as potential markers of lung functional impairment in clinically stable non-cystic fibrosis bronchiectasis”, “Chest computed tomography demonstrates transient enlargement of the pulmonary artery in COVID-19 pneumonia that regresses after remission of the disease” & «The involvement of myeloid-derived suppressor cells in the pathogenesis and lung functional impairment in bronchiectasis”**
- COST EuNet-INNOCHRON 3rd Early Career Investigators’ Workshop: **Participation as Early Career Investigator (ECI) & poster presentation with title “Involvement of myeloid-derived suppressor cells in aging of healthy individuals”**
- Research Seminars UoC Medical School – FORTH - UCRC, Thematic seminar: Inflammation - multidisciplinary aspects: **Oral presentation with title “Myeloid-Derived Suppressor Cells (MDSCs) in Chronic Idiopathic Neutropenia (CIN)”**
- FEBS Advanced Course, Molecular and Cellular Pathways of Aging in Haematopoiesis: **Poster presentation with title “Involvement of Myeloid-Derived Suppressor Cells in Aging of Healthy Individuals”**
- 4th Immunology workshop for Clinicians: **Poster presentation with title “Analysis of the Transcriptome of Myeloid-Derived Suppressor Cells (MDSCs) in the Peripheral Blood of Patients with Chronic Idiopathic Neutropenia (CIN)”**
- 32nd Hellenic Pulmonary Conference: **Oral presentations with titles “Investigation of Novel Biomarkers of Pulmonary Function Impairment in Bronchiectasis: Fibrinogen and Fractional Exhaled Nitric Oxide” & “Investigation of Immune Dysregulation in Bronchiectasis: The Role of Myeloid-Derived Suppressor cells and T-regulatory Cells” and poster presentations with titles “Investigation of a Patient with Crazy-Paving Pattern in Chest High Resolution Computed Tomography and Accompanying Respiratory Failure”, “Airway Calcification Induced by Coumarin Anticoagulants”, “The Role of Airway Epithelial Barrier Integrity in Patients with Severe Eosinophilic Asthma with or without Chronic Rhinosinusitis with Nasal Polyposis in the Response to anti-IL5 Treatment: Preliminary Results” & “Benign Central Airway Stenosis from Pulmonary Portal and Mediastinal Lymphadenopathy Resultant of Primary Pulmonary Tuberculosis”**
- 34th Hellenic Haematology Conference: **Poster presentations with titles “Characterisation of Myeloid-Derived Suppressor Cells in Umbilical Cord Blood” & “Quantitative and Qualitative Properties of Myeloid-Derived Suppressor Cells in Patients with Chronic Lymphocytic Leukemia after Ibrutinib Treatment” (BEST POSTER PRESENTATION AWARD)**
- 1st Conference of the Medical Association of Heraklion - SIMA 2023: **Oral presentation with title “Case of a Patient with Crazy-Paving HRCT Pattern and accompanying Respiratory Failure and Exertional Dyspnea: to be Continued”**
- 3rd SHARE Congress: **Oral presentations with titles: “Myeloid Derived Suppressor Cells and Their Involvement in Respiratory Diseases” & “Case report: pulmonary alveolar proteinosis”**

2022

- ERS International Congress 2022: **Poster presentations with titles “Therapeutic Approach with Mepolizumab (anti-IL5) in a Series of Patients with Eosinophilic Granulomatosis with Polyangiitis” & “The Experience of Dual Biologic Therapy in Patients with Eosinophilic Asthma and Autoimmune Diseases” and oral presentation with title “Increased CD14+ monocytes and OPN+ positive airway macrophages in the BAL are associated with Post-COVID-19 induced altered respiratory function”**
- 31st Hellenic Pulmonary Conference: **Oral presentation with title “The involvement of Myeloid-Derived Suppressor Cells in the pathogenesis of Bronchiectasis” and poster presentations with titles “COVID-19 pneumonia is accompanied by pulmonary artery enlargement that regresses after the remission of the disease” & «Characteristics of Bronchoalveolar Lavage Cells in Patients with post COVID-19 Pulmonary Sequelae»**
- 5th Congress of the Hellenic Society of Gene Therapy and Regenerative Medicine: **Oral presentation with title «Quantitative and Qualitative Characterisation of Myeloid Derived Suppressor Cells (MDSCs) in the Umbilical Cord Blood»**

2021

- COST EuNet-INNOCHRON 1st Early Career Investigators’ Workshop: **Attendance as an ECI & poster presentation with title: “Studying immune deregulation in Chronic Idiopathic Neutropenia (CIN): The immunoregulatory cell populations”**
- Attendance of the ERS Congress 2021
- 30th Hellenic Pulmonary Conference: **Oral Presentation with title “Therapeutic approach with anti-IL-5 in 4 patients with EGPA: case series” and Poster presentation with title “The experience of the concurrent dual biologic therapy in patients with bronchial asthma and auto-immune disease”**
- 32nd Hellenic Haematology Conference: **Poster presentations with titles “Quantitative and qualitative characterisation of Myeloid-Derived Suppressor Cells (MDSCs) in the Umbilical Cord Blood (UCB)” & “Study of the effect of ibrutinib treatment in the quantitative and qualitative characteristics of Myeloid-Derived Suppressor Cells (MDSCs) in Patients with Chronic Lymphocytic Leukemia (CLL)”**
- Online Discussion Club (ODC) by the Young-EuNet-INNOCHRON: **Oral presentation “Studying the immune deregulation in Chronic Idiopathic Neutropenia (CIN): Myeloid-Derived Suppressor Cells (MDSCs) and T regulatory cells (T-regs)”**

2020

– ASH 62nd annual meeting: Oral presentation (ASH Abstract Achievement Award) with title “Frequency and Functional Analysis of Myeloid-Derived Suppressor Cells (MDSCs) in the Peripheral Blood and Bone Marrow of Patients with Chronic Idiopathic Neutropenia (CIN)” – 31st Hellenic Haematology Conference: Oral presentation with title “Study of the Myeloid-Derived Suppressor Cell (MDSC) Subpopulations in Patients with Chronic Idiopathic Neutropenia (CIN)”
2019 – EHA-SWG Scientific Meeting on Granulocytes: Oral presentation (BEST ABSTRACT) with title “Increased Proportion of Intermediate and Non-Classical Monocytes in the Peripheral Blood of Patients with Chronic Idiopathic Neutropenia” – 30th Hellenic Haematology Conference: Oral presentations with titles “Patients with Low-Risk Myelodysplastic Syndrome Present Increased Numbers & Altered Functions of the Intermediate Monocytes of the Peripheral Blood” (FEDON FESSAS AWARD) & “Study of the Monocytic Subpopulations in Patients with Chronic Idiopathic Neutropenia” – 28th Hellenic Pulmonary Conference: Poster presentation with title “Organizing Pneumonia as the first indication in a Patient with Myelodysplastic Syndrome”
2018 – 1st European Symposium on Myeloid Regulatory Cells in Health and Disease & COST Mye-EUNITER 6th Early Career Investigators’ Workshop & 6th Management Committee & Working Group Meeting: Poster presentations with title «Standardising the Methods of Studying Myeloid Derived Suppressor Cells in the Bone Marrow of Healthy Individuals» & «Myeloid Derived Suppressor Cells as Novel Biomarkers in Patients with Chronic Neutropenia» and oral presentation with title «Mye-Haematology brief update» – 23rd Congress of EHA: Poster presentation with title “Low Proportion of Myeloid Derived Suppressor Cell Populations in the Peripheral Blood of Patients with Chronic Idiopathic Neutropenia” & awarded a €500 travel grant and complimentary registration – EHA 2018 VJHemHeroes Winner (The 1-minute abstract challenge) – Best Interview in the VJHemONCO The video channel of Haematological Oncology – COST Mye-EUNITER 5th Early Career Investigators’ Workshop & 5th Management Committee & Working Group Meeting: Organisation (Host Coordinator), chair, attendance as an ECI/Mye-EUNITER-Hem Member & oral presentation with title: “Association of Myeloid Derived Suppressor Cells (MDSCs) & Monocyte Subpopulations in Patients with Chronic Neutropenias” – 44th Annual Hellenic Medical Conference: Oral presentation with title “Association of Myeloid Derived Suppressor Cells (MDSCs) & Monocyte Subpopulations in Patients with Chronic Idiopathic Neutropenia”, attendance in the conference, the seminars “Therapeutic exercise in medicine”, “Dizziness-Vertigo: Differential diagnosis between central and peripheral disorders”, “Crucial incidents: training with simulator SimMan 3G”, “Airway management”, “Ultrasonography seminar HSUMB A-Z”, “Medical management of emergency situations and crises in practice”, “Pre-hospital management of severe bleeding” and the “28th Meeting of the Hellenic Laboratory Haematology and Blood Donation Scientific Society” – 10th Hellenic Cytometry Conference: Poster presentation (initially selected as an oral presentation) with title “Increased Pro-inflammatory Monocyte Subpopulations in the Peripheral Blood of Patients with Chronic Idiopathic Neutropenia” – Seminar “Laboratory Safety” organized by IMBB-FORTH – “Scientific Writing Workshops”
2017 – Presentation of early data of the study of MDSCs in neutropenic patients in the Severe Chronic Neutropenia International Meeting – 1st Stem Cell Awareness Week: Member of the Co-ordination Committee for the Symposium “Medical School presents its Research on Stem Cells” & presentation with title “Myeloid Derived Suppressor Cells and their possible involvement in stem cell function in Chronic Idiopathic Neutropenia” – 1st School of Basic immunology for Clinicians – Cretan Summer School of Respiratory Department (SHARE), Interstitial Lung Diseases (ILDs) Course: From bench to bedside – Seminar “Laboratory Safety” organized by IMBB-FORTH
2015 – 2nd Alumni of Surgical Oncology Students: Review and presentation of the subject of Cholangiocarcinoma
2013 Harvard Medical School Certificates of completion of following courses: – Mass. Eye and Ear - Compliance, Patient Rights and Safety – Mass. Eye and Ear - Volunteer Orientation – Mass. Eye and Ear - Privacy Training, Version B – Rapid Regulatory Compliance
2012 – Presentation with title “Anti-TNF therapies in Autoimmune Conditions” in Symposium in the context of the course “Basic Immunology”

18.02.2025 – 27.06.2025: Εντεταλμένη Διδάσκουσα (αυτοδύναμη διδασκαλία) στο μάθημα Φυσιολογία I του Τμήματος Νοσηλευτικής της Σχολής Επιστημών Υγείας του Εθνικού και Καποδιστριακού Πανεπιστημίου Αθηνών
28.09.2023 – σήμερα: Ειδικευόμενη Ιατρός στην 5 ^η Πνευμονολογική Κλινική του Γενικού Νοσοκομείου Νοσημάτων Θώρακος Αθηνών «Η ΣΩΤΗΡΙΑ»
8^{ος} 2020 – σήμερα: Υποστήριξη της Academic Editor (Καθ. Ελένη Παπαδάκη) του Special Issue «Myeloid-Derived Suppressor Cells (MDSCs) in Haematology» του «Journal of Clinical Medicine» (εκδόσεις MDPI) & Reviewer σε Research Articles για τους εκδότες «Frontiers» και «BJBMS»
5^{ος} 2018 – σήμερα: Συνεργαζόμενη Ερευνήτρια στο Εργαστήριο Μοριακής και Κυτταρικής Πνευμονολογίας της Ιατρικής Σχολής του Πανεπιστημίου Κρήτης
5^{ος} 2017 – σήμερα: Συνεργαζόμενη Ερευνήτρια στο Εργαστήριο Μελέτης της Αιμοποίησης της Ιατρικής Σχολής του Πανεπιστημίου Κρήτης - Επίβλεψη εργασιών προπτυχιακών και μεταπτυχιακών φοιτητών
14.05.2018 – 30.06.2023: Ειδικευόμενη Ιατρός στην Πνευμονολογική Κλινική του Πανεπιστημιακού Γενικού Νοσοκομείου Ηρακλείου
02.11.2016 – 29.06.2017: Ωρομίσθιος Εκπαιδευτικός - ΙΕΚ ΟΑΕΔ Ηρακλείου Κρήτης - Μαθήματα: Φαρμακολογία, Τοξικολογία, Μικροβιολογία, Πρακτική Εφαρμογή
9^{ος} 2016 – 12^{ος} 2020: Ιατρική Υποστήριξη σε Αθλητικές Διοργανώσεις

ΣΥΜΒΟΛΗ ΣΕ ΚΟΙΝΩΦΕΛΗ/ΕΘΕΛΟΝΤΙΚΑ ΠΡΟΓΡΑΜΜΑΤΑ

29.01.2025 – 14.02.2025: Συμμετοχή ως εκπαιδύτρια, με ανάπτυξη εκπαιδευτικού υλικού και διενέργεια διαλέξεων, στο επιμορφωτικό πρόγραμμα με τίτλο: «Κατάρτιση του προσωπικού των Κινητών Ομάδων Υγείας (ΚΟΜΥ)» του Κέντρου Επιμόρφωσης και Δια Βίου Μάθησης (Κ.Ε.ΔΙ.ΒΙ.Μ) του Πανεπιστημίου Κρήτης, σε συνεργασία με την Ιατρική Σχολή και τον Εθνικό Οργανισμό Δημόσιας Υγείας (ΕΟΔΥ)
9^{ος} 2023 – 12^{ος} 2023: Διενέργεια ενημερωτικών παρουσιάσεων για το εμβολιαστικό πρόγραμμα ενηλίκων στο πλαίσιο της καμπάνιας «Healthy Lungs for Life» του «European Lung Foundation (ELF)»
9^{ος} 2022 – 10^{ος} 2022: Διενέργεια σπιρομετρήσεων προσυμπτωματικού ελέγχου στο πλαίσιο της καμπάνιας «Healthy Lungs for Life» του «European Lung Foundation (ELF)»
04.09.2017 – 08.09.2017: Εθελοντής στο «28 th Annual Conference of the European Society for Biomaterials»
7^{ος} 2017: Host Coordinator (μαζί με την Καθ. Ελένη Παπαδάκη) του «5th MC/WG Meeting and ECI Workshop Heraklion (16.04.2018-18.04.2018) of COST Action BM1404 Mye-EUNITER»
2016 – 2020: Εθελοντική συμμετοχή στις εργασίες της Δημόσιας Τράπεζας Ομφαλικών Βλαστοκυττάρων Κρήτης (ΔηΤΟΒ) και στις εκδηλώσεις της «Εβδομάδας Ενημέρωσης για τα Βλαστοκύτταρα» - Μέλος Συντονιστικής Επιτροπής Ομιλιών Εσπερίδας «Η Ιατρική Σχολή παρουσιάζει την Έρευνά της στα Βλαστοκύτταρα» το 2017
2015 – σήμερα: Εθελοντής Αιμοδότης

ΥΠΟΤΡΟΦΙΕΣ / ΔΙΑΚΡΙΣΕΙΣ / ΒΡΑΒΕΥΣΕΙΣ

Βραβείο Αριστείας «Ζωή Δημητριάδη» 1,800 € για τη δημοσίευση του επιστημονικού άρθρου «Characterization of myeloid-derived suppressor cells in the peripheral blood and bone marrow of patients with chronic idiopathic neutropenia» κατά το ακαδημαϊκό έτος 2024-2025
Βραβείο Αριστείας «Ζωή Δημητριάδη» 2,500 € για τη δημοσίευση του επιστημονικού άρθρου «New perspectives on myeloid-derived suppressor cells and their emerging role in haematology» κατά το ακαδημαϊκό έτος 2023-2024
Ερευνητική Υποτροφία Bayer Hellas - Greek Women in STEM 3.500 € για τη μελέτη των MDSCs στον καρκίνο του πνεύμονα
Χρηματοδότηση στα πλαίσια της καμπάνιας «Healthy Lungs for Life» του «European Lung Foundation (ELF)» 1.000 € για τη διενέργεια ενημερωτικών εκδηλώσεων για το εμβολιαστικό πρόγραμμα ενηλίκων
Υποτροφία του Πανεπιστημίου Κρήτης (κληροδότημα «Μαρία Μιχαήλ Μανασσάκη») για τις Διδακτορικές Σπουδές - Ακαδημαϊκά Έτη 2019-2020, 2020-2021 & 2021-2022
Υποτροφία του Ιδρύματος Ωνάση για τη φοίτηση στο Πρόγραμμα Μεταπτυχιακών Σπουδών «Μοριακή Βάση των Νοσημάτων του Ανθρώπου» - Ακαδημαϊκό Έτος 2017-2018
Βραβείο Ερευνητικής Υποτροφίας της Ελληνικής Πνευμονολογικής Εταιρείας με ποσό 15.000 € για την εργασία με τίτλο: Investigation of the Immune Deregulation in Bronchiectasis and its Association with Clinical Features and Patient-related outcomes
Συμμετοχή στη συγγραφή 2 ερευνητικών προτάσεων με θέμα τα MDSCs στη Χρόνια Λεμφογενή Λευχαιμία (ΧΛΛ) που επιλέχθηκαν για χρηματοδότηση για κάλυψη των αναλωσίμων της έρευνας - ανταγωνιστικά προγράμματα Asklepios Gilead Grants (10.000 €) & Janssen Non-Clinical Investigator-Initiated Study (IIS) Research Grants (115.000 €)

ASH Abstract Achievement Award για την προφορική ανακοίνωση «Frequency and Functional Analysis of Myeloid-Derived Suppressor Cells (MDSCs) in the Peripheral Blood and Bone Marrow of Patients with Chronic Idiopathic Neutropenia (CIN)» στο «62 nd ASH Annual Meeting and Exposition, 2020»
Βραβείο «Φαίδων Φέσσας» για την προφορική ανακοίνωση «Οι Ασθενείς με Χαμηλού Κινδύνου Μυελοδυσπλαστικό Σύνδρομο παρουσιάζουν Αυξημένο Αριθμό και Παθολογικές Ιδιότητες των Ενδιάμεσων Υποπληθυσμών των Μονοκυττάρων του Αίματος» στο 30 ^ο Πανελλήνιο Αιματολογικό Συνέδριο, 2019
Best Abstract για την προφορική ανακοίνωση «Increased Proportion of Intermediate and Non-Classical Monocytes in the Peripheral Blood of Patients with Chronic Idiopathic Neutropenia» στο EHA-SWG Scientific Meeting on Granulocytes, Prague, 2019
Travel Grant για την κάλυψη των εξόδων ταξιδιού και αυτόματη εγγραφή στο «23 rd Congress of EHA» με την αναρτημένη ανακοίνωση «Myeloid Derived Suppressor Cell Populations in the Peripheral Blood of Patients with Chronic Idiopathic Neutropenia»
EHA 2018 VJHemHeroes Winner (The 1-minute abstract challenge) ως Best Interview του «VJHemONCO The video channel of Haematological Oncology»
COST BM1404 Mye-EUNITER Grant για την κάλυψη των εξόδων του Short-Term Scientific Mission «Training and transferring MDSCs immunophenotyping and functional protocols in the frame of mye-EUNITER-Hema group»
Fellowship of The Manhattan NYC Chapter of the Order of AHEPA, Delphi 25 για τη συμμετοχή στο «6 th Summer School of the World Hellenic Biomedical Association in Medical & Biosciences Research & Management (2017)»
Αριστούχος, 2^η σε σειρά αποφοίτησης του Τμήματος Ιατρικής, Σχολής Επιστημών Υγείας, Πανεπιστημίου Κρήτης, κατά το ακαδημαϊκό έτος 2015-2016
Βράβευση από το Σύλλογο Συνταξιούχων Εθνικής Ασφαλιστικής με χρηματικό έπαθλο 300 €, για τη λήψη του πτυχίου Ιατρικής με βαθμό «Άριστα»
Βράβευση από τη Δημόσια Επιχείρηση Ηλεκτρισμού με αναμνηστικά δώρα, για τη λήψη (α) του πτυχίου Ιατρικής και (β) του μεταπτυχιακού τίτλου με βαθμό «Άριστα»
Βράβευση από τη Eurobank με χρηματικό έπαθλο 1.000 €, για την εισαγωγή στην Τριτοβάθμια Εκπαίδευση με την καλύτερη βαθμολογία απολυτηρίου (19,7) στο Λύκειο αποφοίτησης κατά το 2010
Διάκριση στον Πανελλήνιο Διαγωνισμό Βιολογίας της Πανελλήνιας Ένωσης Βιοεπιστημόνων (2010) στις φάσεις Α & Β (βαθμολογίες: 90/100 & 91/100)
